

APTA Kansas Spring Conference Poster Presentations

Friday March 24 at 7:30-9:00 PM

Poster	Author	Title
1	Smith J , Turner A, Alfonso M, Clark N.	Reliability and Validity of the Readiness for Hospital Discharge Scale for Discharge Home from a Short Stay at a Skilled Nursing Facility.
2	Larson DL , Rohrberg JK.	Are athletes' perceptions of readiness to return to sport influenced by exposure to physically demanding return to sport testing?
3	Deck HC , Machek SB.	Lactate Testing and Blood Flow Restriction Post-CAR T Cell Therapy Mediate Improvements in a Remission-Declared Patient
4	Deck HC , Hakansson NA, VanRavenhorst-Bell HA.	Lactate Released with Aerobic-Based Blood Flow Restriction among Older Adults: A Pilot Study
5	Ahmadnezhad P , Burns JM, Akinwuntan AE, Ranchet M, Kondyli A, Mahnken JD, Devos H.	Safety and Usefulness of Automated Driving for Older Adults with Cognitive Impairment
6	Rees TA , Kelley B, Helmer T, Beebe K, Casey D, Sharma NK	Central sensitization in patients seeking outpatient physical therapy
7	Tabatabaei A , Shahsaheb S, Seyyedi A, Salehi R, Pezesh AF, Blandford L, Sharma NK.	Detecting Faulty Movements In Individuals With Shoulder Pain

8	Molaei F, Tabatabaei A , Azizi S, Asgari S, Pezeshk AF, Sharma NK.	PhysioMaster: a reliable and valid application for measuring cervical range of motion
9	Green HK , Bean RH, McGehe SW, Price HN, Sowers HC.	Mentorship and work-life balance: How does mentorship on work-life balance affect stress levels in the physical therapy profession?
10	Cunningham CM , Zhuang RZ, Rees TA, Haiyin L, Siengsukon CF, Mangdow M, Bock KJ, Sharma NK.	Sleep-pain relationship: A feasibility study
11	Trent JS , Reinkemeyer JD, Poulter ZD, Musick ML, Rincones IS.	Somatosensory training with external feedback for patellofemoral pain syndrome: A pilot randomized control trial
12	Koenigsman M, Garcia L , Haistings J, Gay AS, Rucker J.	More than just school: Introducing children to physical therapy through mathematics
13	Fakorede S , Sadeghi M, Bristow T, Liao, K, Palmer J, Pahwa R, Lyons K, Devos H.	Sensory reweighting of postural control in Parkinson's disease
14	Clark NG, Trent J, Hoffman NR, Michalak HJ, Moore JG, Schmitt TM , McFarland J.	Risk factors affecting injury and performance outcomes in collegiate baseball players: a retrospective study
15	Cheng K , D'Silva LJ.	Determinants of physical activity in community dwelling older adults
16	Umrani R.	Rehabilitation of complex adult male with MSSA bacteremia of unknown source
17	Clark NG, Bungler MR, Burns ED, Ciarleglio KL , Schroeder BM.	The regional and remote effects of dry needling to t12-l1 multifidi versus l4-5 multifidi: a pilot randomized controlled trial

18	Bammes TN, Buhrle CL , Herren GO, Pieper AL, Kilmer PJ	The efficacy of blood flow restriction and resistance training on muscle size and strength in older adults: a systematic review
19	Morris SR , Fairbank BN, Donovan BA.	Resilience, stress, and burnout in graduate health science students: Part II
20	Chen L , Sosnoff J.	Preliminary Exploration of Neuromuscular Control of The Head And Fall
21	Sadeghi M , Kordi M, Devos H, Nabavi SM, Khaligh-Razavi SM.	Virtual Reality (VR)-Based Cognitive Rehabilitation: Cognitive games are complementary to physical training for an optimum rehabilitation strategy in patients with Multiple Sclerosis (MS)
22	D’Silva LJ, Phongsavath T , Partington K , Korner F, Zehnbauser TP, Skop KM, Pickle NT, Roos PE.	The Vestibular Rehabilitation App Improves Accuracy and Enjoyment with Exercises in Older Adults with Vestibular Dysfunction
23	Hooker D , DeBacker J, Gorena M, Venuto P, Greathouse K, Hooke, SE	Physical therapy led injury prevention programming and decrease in workers compensation spend

APTA Kansas Spring Conference Platform Presentations

Saturday, March 25 at 11:00-12:00 PM

Platform	Author	Title
1	Addison ML, Johnsen L, Sewester H.	Effectiveness of a preoperative consultation panel for lower extremity amputee patients in the acute care setting – a pilot study
2	Lewis MA, Meuli MV, Maddux C, Staecker H, D’Silva LJ.	Vestibular dysfunction affects physical activity to a greater extent compared to gait speed or cognitive function
3	Struble AC, Montgomery MH, McClure, RJ, Larson DD.	Asymmetrical loading patterns during a squat following total knee arthroplasty
4	Britton-Carpenter A, Thomas J, Whitaker AA, Billinger SA, Eickmeyer SM.	High-Intensity Gait Training Increased Discharge Home from Inpatient Rehabilitation After Subacute Stroke: A Retrospective Analysis
