PHYSICAL THERAPIST ASSISTANT

Physical Therapy Assistants at Home Health and Hospice of Dickinson County serve patients in Dickinson County, within a radius of 20 miles from either Abilene or Herington if outside Dickinson County. Physical therapist assistants provide physical therapist services under the direction and supervision of a physical therapist. PTAs implement components of patient care, obtain data related to the treatments provided, and collaborate with the PT to modify care as necessary. PTAs assist the physical therapist in the treatment of individuals of all ages. Many patients have injuries, disabilities, or other health conditions that need treatment. But PTAs also care for people who simply want to become healthier and to prevent future problems. PTAs can have a profound effect on people's lives. They help people achieve fitness goals, regain or maintain their independence, and lead active lives.
