I am nominating _____ Stephanie Schifferdecker _____ for the position of
_____ Nominating Committee Member _____

Nominee APTA Member ID Number: _____ 509850 _____

Please provide candidate statement:

I am excited for the opportunity to get involved in APTA Kansas as a Nominating Committee Member. I am organized, detail oriented, and always looking for ways to improve my practice and help others. I can't wait to get involved on a broader level across the state with the APTA Kansas. I am uniquely qualified to assist the APTA Kansas in this role with my organizational skills and leadership commitment as listed below.

Please provide brief bio:

I have been a physical therapist in the state of Kansas for the past 10 years after graduating from the University of Kansas Medical Center with my Doctorate of Physical Therapy. I have enjoyed presenting several continuing education opportunities at the University of Kansas Health System (prior to leading the committee) as well as at Lawrence Memorial Hospital. I am the leader of several committees at my organization including a stroke special interest group and our continuing education program. I also love sharing the joy of our profession with many students as a credentialed clinical instructor. I have been proud to present a poster presentation at the spring APTA Kansas conference on Hemiballism. I enjoy working with the neurology population, and I am currently working on getting my NCS certification.
